MARMI LUX

Marble-effect porcelain stoneware is the star of the Marmi Lux collection, which aims to renew home spaces by making them bright and beautiful but at the same time practical. This is why we decided to include a matt finish on all the marbles in the collection and extend the range of sizes by including 120x120. The range of sizes and finishes makes the Marmi Lux collection a perfect solution for a home that wants to be sophisticated, modern and functional.
